I am an enthusiastic college student with a strong passion for IT roles. My goal is to secure a prominent position within this field, while actively seeking opportunities to expand my knowledge and gain valuable experience.

SKILLS

- ❖ Java, C++, C, Python, MySQL.
- ❖ HTML, CSS, JavaScript, PHP, Power BI.

EDUCATION

- ❖ MASTER'S IN COMPUTER SCIENCE | BIT MESRA
CGPA: 7.67 | (2022-2024)
- ❖ BACHELOR'S IN COMPUTER SCIENCE | GOVT. AUTONOMOUS COLLEGE, ROURKELA
CGPA: 8.9 | (2019-2022)
- ❖ XII (CBSE) | KENDRIYA VIDYALAYA BONDAMUNDA
PERCENTAGE: 64.8% | 2018
- ❖ X (CBSE) | KENDRIYA VIDYALAYA BONDAMUNDA
CGPA: 9.2 | 2016

TRAINING AND CERTIFICATES

- ❖ I completed a project-based internship in the Web Development Program with Coincent in association with WorInWell. (HTML, CSS, JavaScript, PHP, Laravel). (2023)
- ❖ I completed the Web Development Program offered by NIIT Foundation through the Microsoft Project. (Language Used HTML, CSS, JavaScript, PHP). (2022)

ACADEMIC PROJECTS

- ❖ **SENTIMENT ANALYSIS ON REAL TIME PHONE CALL:**
Developed GUI-based phone call sentiment analysis project using Tkinter, Speech Recognizer, and Matplotlib, showcasing polarity and subjectivity without NLTK.
 - Basically, I use a lexicon-based approach, creating a custom corpus in our dictionary for text analysis, enabling the categorization of sentiments like Happy, Sad, and Angry.
- ❖ **HAPPY TRAVEL | A TRAVEL WEBSITE:**
It's a simple website related to college travelling occasions.
It's basically a form for the student to submit the details who were interested in trips.
Frontend- HTML, CSS, Backend- PHP.

HOBBIES

- I am an intermediate Guitarist, Musician and Singer.
